The training program is accompanied by a comprehensive, printable *Instant Plan Template* that forms the basis of each participant’s plan for their financial future.

### **Shaun’s Background**

From a single-parent and hard-working family, Shaun Fox was always determined to create financial freedom for himself and his loved ones. Beginning with a mowing service when he was just 8 years old, he is now a sought-

after entrepreneurial influencer and mentor with two decades of experience in start-ups, financial institutions and venture capital.

During his many years in real estate and financial services, Shaun saw first-hand the deep distress caused by his clients' lack of access to clear investment knowledge. Now, he is on a mission to help others realise their own financial freedom, no matter what stage of life they're in.

Author, Shaun Fox says, "I grew up with very little money around and, as a result, very little spare time. Now I'd like to share what I've learnt about money, investing and creating time so that everyone can take a shortcut to their own financial freedom."

Shaun's clients and proteges have shared, "I instantly found Shaun to have excellent values of truth, integrity and decency... I always felt listened to, valued and appreciated, even when I started and had no clue what I was doing." "He showed patience and understanding and never showed doubt in my capabilities." and, "Love his passion for making change in the world especially with his desire to spread education."

Each week, Shaun provides insight and gentle guidance, asking the pertinent questions and sharing his knowledge. '**Anyone Can Invest**' guides each participant on how to take charge now and invest in themselves, personally and in business, for a bright financial future.
